

ART & MUSIC AT BROOKLETTS PLACE
October 2015 – June 2016

October 20 & November 17 (9:00 a.m. – 12:00 p.m.)

Needle Felting Class - Laura Rankin began her career in 1989 illustrating and writing children's books. Although this is her main career, she discovered needle felting in 2009 when she moved from Maine to Easton to care for her father. She quotes "This medium is a perfect extension and complement to my work illustrating children's books." Students in her class will explore the world of 2 & 3 dimensional sculpting with gorgeous wools. They will learn the basics of the craft; how to form a solid, felted ball, how to make a cylinder (or "sausage"), as well as a cone form and how to use templates for making infinite shapes. During the 3 hour workshop students will create a 3D holiday-themed character, a 2 dimensional ornament and an acorn capped ornament. Materials will be supplied and students will leave with their own felting needle, felting pad, wool samples and techniques, plus other useful information. **Each class will be limited to 12 students**
